

Services provided to Brussels companies

We provide a customised guidance during the entire process of your expansion on the British market.

The support we provide is a public service and can take various forms:

- Providing information related to the local market;
- Finding **local partners** (agents, distributors, importers, etc.);
- Helping you to organise your business **travels and meetings**;
- Helping you to establish a subsidiary or a representative office;
- Informing you about the notoriety of local companies;
- Assisting you during **trade fairs and exhibitions**;
- Facilitating your **contacts with local authorities**;
- Organising business events to support Brussels exporters;
- Providing you with a **fully-equipped office** and reception services for a limited amount of time during your first steps on the British market.

Contact Days in Brussels

Every year, our economic and commercial attachés return to Brussels for B2B meetings with entrepreneurs during the [Contact Days](#). These are an excellent opportunity to develop your export project.

If you want to make an appointment, please [register online](#).
